

Dear Client:

We are pleased to announce that Hudson Marine Management Services and HudsonTrident will be conducting an annual OPA 90 and ISPS Code Training Seminar and Table Top Exercise in Hong Kong during April 7-8, 2009.

The seminar will be held in The Excelsior, Hong Kong, 281 Gloucester Road, Causeway Bay.

In order to reserve a space for you and your colleagues, please visit our website http://www.hudsonmarine.com/seminar_schedule.htm and fill out the Online Seminar Reservation Form by Friday, March 20, 2009. A more detailed seminar program will be issued once you have confirmed which date(s) and exercise(s) your company representatives would like to attend.

Annual Qualifying OPA 90 Exercise – April 7, 2009

The OPA 90 exercise is designed to meet your OPA 90 annual exercise requirements. We have continued to develop more challenging and interesting exercise scenarios by including on-line response tools, greater participation by clients, insurance- and media-relationship issues and salvage/vessel response activities.

Each attendee will be issued a certificate that fulfills all of the OPA 90 legislation requirements.

ISPS Seminar, Training and Exercise – April 8, 2009

The ISPS Seminar, Training and Exercise have been designed to meet the highest current (2009) worldwide standards for Ship Security Exercises. The basic objective of this exercise is to provide the mechanisms that will both "test" and "validate" the Ship Security Plan (SSP) for the Company Security Officer (CSO). The exercise is intended to test the entire security program of the ship and the Company.

Each attendee will be issued a certificate that fulfills all of the ISPS Code requirements.

If you have any questions or comments, please contact me at your earliest convenience.

Best Regards,

Marikay McKeon-Murphy
